Clearing House Expected to Call Session to Elect Regional Bank Directors

Following the lead of the New York clearing house committee, which on Saturday called a convention of the second reserve district banks in New York City, the Atlanta clearing house committee, now that the clearing house for the incorporation of the Atlanta clearing house has been completed, is expected to call such a convention within the next fifteen days.

The officers of organization was completed Tuesday morning when A. C. Lewis, president, and J. H. Lewis, cashier, of the Exchange National bank of Tampa, Fla., arrived in Atlanta, and the officers of the Atlanta clearing house association were called to the clearing house for the purpose of calling the convention of bankers here.

After the meeting of the delegates from Louisiana, Mississippi, Alabama and Georgia, the proposition was discussed, and it is expected that the clearing house association will call the convention of clearing banks of the second reserve district of Atlanta within the next fifteen days.

WOMAN ASKS \$350 FOR ALIMONY, AWARDED \$100

Mrs. Pauline Stackpole in Suit Tells Judge It Costs Her That Much a Month

In her suit for alimony, heard before Judge John T. Pendleton, of the superior court, Tuesday, Mrs. Alice Pauline Stackpole, now residing in Patchogue, L. I., declared that it would take \$350 per month to support her in her accustomed style. The court decided that \$100 a month is sufficient for her needs, however, and awarded her that much alimony when her husband, Charles B. Stackpole, a promoter formerly residing at the Georgia Hotel, failed to pay her \$100 a month.

Stackpole did not appear to defend the case, which was heard in her absence. Mrs. Stackpole asserted that when she was married in New York in 1904, she was possessed of a fortune estimated at \$25,000; \$20,000 being in real estate, and \$5,000 in a jewelry collection. She loaned her husband \$4,000 which he had spent on his wife and the remainder of the fortune had been dissipated. In addition to her loan, her husband borrowed \$12,000 from her mother, she says, and he hasn't paid this sum back.

Mrs. Stackpole charges that her husband deserted her in May, 1912, to commanding general Vera Cruz, for assignment to duty.

The president has accepted the resignation of First Lieutenant Edward P. Jack, dental surgeon, and has ordered him to command general Vera Cruz, for assignment to duty.

SAY FAREWELL
To the old style Bl-roses, Gent the Kryptik "Invincible." No swans, cement, a point, Joe L. Moore & Sons make them. Let them show you how they are made. 42 North Broad St. (Adv.)

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors prescribed a local disease and practiced local treatment, and by constantly falling to cure with local treatment, pronounced it incurable. It is now known that Catarrh is a constitutional disease, and therefore requires constitutional treatment. Dr. J. C. Smith, of the National Waterworks department, returned Monday night from Philadelphia, where he had attended the annual meeting of the American Waterworks association.

Mr. Smith was gone from the city ten days and consequently missed the great Shrine convention, which was a year of great regret because he is a member of the Shrine. He felt, however, that it was a part of his duty as manager of the waterworks to attend the waterworks convention.

Mr. Smith states that the convention was the largest in point of attendance of the waterworks association, and was highly interesting and profitable. The waterworks experts of the whole country were there, and many delivered addresses.

Needed in Every Home

Just think what convenience and pride it gives to every housewife to be prepared for every emergency. She can be of immediate service to her family, neighbors, friends in case of accident or sudden illness, and spare a great deal of suffering by keeping a bottle of Dr. Jones' Liniment handy. A slight injury may seem to be of little consequence, but if it is not treated at once, it may develop into a serious trouble. A bottle of Dr. Jones' Liniment applied in the early stages of the trouble, will cure it at once and save a great deal of suffering. For youngsters with carousals, chills or frost bites Dr. Jones' Liniment will relieve the pain immediately. Old people are usually afflicted with rheumatism, rheumatoid, cold and stiff joints in the hands and feet and other pains peculiar to the aged. Dr. Jones' Liniment applied whenever needed stimulates the circulation, stops the pain and gives a blessing. The comforts of home are incomplete without a bottle of Dr. Jones' Liniment. Adair Tribute Suggested By Chas. C. McGehee, Jr.

CHARLES C. McGEEHEE, JR.

Manager of Home Life Insurance Company Deserves Credit for Starting the Movement

To Charles C. McGehee, Jr., whose name was the first of those on the communication addressed to The Journal last Thursday, belongs credit as the originator of the definite movement to credit Mr. Forrest Adair some evidence of Atlanta's appreciation of his work, just as to Mr. Adair more than to any of his co-workers belongs the credit for the great success of that work.

Just before the Shriners opened their meeting and while the preparations for it were being accelerated in the final moments, Mr. McGehee offered the suggestion to a friend.

"If this thing's a success," said he, "we ought to impress Forrest Adair somewhat with our appreciation. What do you think of it?"

The friend thought, well of it, and there the matter rested.

Shriners week was a success, an astonishing success.

Then Mr. McGehee renewed the suggestion, which had occurred meanwhile to a number of other people. He found some of his friends agreeing so heartily that they signed with him a letter to The Journal, asking the paper to further the movement.

The other signers of this letter were Lowry Arnold, Captain J. W. English, Colonel R. J. Lowry, John E. Murphy, Colonel Frederic J. Paxson, Thomas B. Pain, Robert F. Maddox, Ernest Wood-

GOVERNMENT CONFESSION IN NAVAL STORES CASE?

Nol Prossed Indictment Against G. M. Boardman Starts Persistent Rumor

(Special Dispatch to The Journal.) SAVANNAH, Ga., May 19.—That a confession has been made to the government in the celebrated naval stores trust case is the intimation about the federal court here today. The case is set down for trial on Monday, and rumors that the department of justice is to rely largely upon the admissions of one of those indicted at the time the indictments were found, have been very persistent during the past few days.

They were added to this morning when it was found that the indictment against George Mead Boardman, the former Jacksonville representative of the American Naval Stores company, had been nol prossed by order of the attorney general.

The order to this effect is now on file in the United States clerk's office. No explanation has yet been given as to why this was done. It is understood the government will use Mr. Boardman as a witness in the case.

ruff, Reuben R. Arnold and Ivan E. Allen.

They and Mr. McGehee were the original eleven who started the ball-rolling. The Journal gave it another shove, and away it went, with the people of Atlanta following the roller.

But to Charles C. McGehee, Jr., manager of the Home Life Insurance company, belongs the original credit for many of the most remarkable spontaneous expressions that Atlanta ever has uttered.

T. R. ARRIVES IN N. Y. HARBOR FROM BRAZIL

Steamship Aidan Brings Explorer Safely After 12-Day Voyage

(By Associated Press.) NEW YORK, May 19.—The steamship Aidan, heading for New York harbor this afternoon after a voyage lasting twelve days.

At the request of Mrs. Theodore Roosevelt, the plans of the villages of Oyster Bay to welcome Mr. Roosevelt have been postponed for at least twenty-four hours. There was to have been a parade tonight.

Now it is planned to have Mr. Roosevelt dine quietly with his family at Sagamore Hill tonight. If he feels well enough and the villagers hope, he will make a brief address. At any rate the village band will play.

The colonel's friends will not have a chance to greet the returning traveler if the plans of his family are carried out. They have arranged to have a strictly family party next Monday. Quarantine with a tug and take him to Oyster Bay, where he will be landed at a private pier, a short distance from his home.

LITTLE CHANGE EXPECTED IN ATLANTA'S WEATHER

DONALDSON RESIGNS AFTER FIGHT WITH GIRARDEAU

Head of Public Works Denies
Difficulty With Warden
Cause of His Action

SI H. Donaldson, county superintendent of public works, has tendered his resignation to the board of county commissioners, effective next Saturday.

This means the "complete elimination" of the Donaldson influence in the county convict system, recommended some months ago by the grand jury, which made the famous convict probe.

Mr. Donaldson's resignation follows a set fight with Charles H. Girardeau, former justice of the peace, and now warden of the county convicts.

While Donaldson denies the fierce combat resulted in his resignation, it is known there has been friction between the superintendent of public works and the warden since the two positions were separated and Girardeau named warden.

The set fight between the two county officials occurred Saturday night in a meat market on Broad street. Saturday morning Donaldson appeared before the public works committee of the county board and criticized the work of Girardeau as a warden.

That evening the two men met in the meat market, and when Donaldson admitted the criticism blows were exchanged. The two were separated by the proprietor of the market and did not continue their fight on the outside.

Changes in the public works department of the county have been made rapidly recently. A few months ago Thomas H. Donaldson, former county superintendent and warden for more than thirty years, was removed from the board and named superintendent of public works. Donaldson being elevated to the position of superintendent of public works and warden. Then came the grand jury investigation and Thomas Donaldson was discharged, while the positions of superintendent of public works and warden were separated. Girardeau being named warden of the county convicts.

The board of county commissioners will probably hold a special session to act on Donaldson's resignation and to name his successor if the resignation is accepted.

BOARD MEETS SATURDAY

Tull C. Waters, chairman of the board of county commissioners, has called a special meeting of the board for Saturday morning at 11 o'clock to act on the Donaldson resignation.

Board members say it is extremely probable that either J. T. Anderson or Oscar Jones now in charge of convict camps, will be elevated to the position of superintendent of public works.

While numerous applications for the job have already been received by members of the board it is not known if the commission favors the elevation of a man from the ranks. At least they believe in giving the men already in the service of the county a fair chance of playing some new man to take the position.

It has been learned that the specific complaint, which started the Donaldson-Girardeau row, was a statement to the public works committee by Donaldson that the work of the Roseland chamber had been inspired by Girardeau who, without consulting him, transferred eight convicts from that camp to the Sandy Spring (house) camp last named.

Donaldson, it is said, complained that as the result of the transfer he did not have enough men in the Roseland camp to properly handle paying machines.

While no specific probe of the fight will be made, a hot discussion among the members of the board over the long existing friction between the two officials is certain.

Children of Peeples Street School Are Given Big Flag by Piedmont Continental Chapter, D. A. R.

Several hundred children of Peeples Street school assembled under the green trees of Howell park in West End Monday afternoon and were formally presented with a large American flag by the Piedmont Continental chapter Daughters of the American Revolution.

The flag was given in commemoration of Peace day. Mrs. M. B. Brooks, chairman of the flag committee presented the banners of the Stars and Stripes, and William M. Slaton, superintendent of schools, accepted it in the name of Peeples Street school.

Then, while two pupils held Old Glory high in the air, the children rose and joined in singing "America" and "The Star Spangled Banner."

**NEW YORK HOTEL MAN
HIGHLY PRAISES ATLANTA**

"Most Progressive City in the South," Says Walton H. Marshall

Praise of Atlanta as "the most progressive city in the south," comes from Walton H. Marshall, manager of the Hotel Vanderbilt, New York, one of the best known hotel men in the country.

"There are few in the nation to equal it," said Mr. Marshall, Monday afternoon, after spending some hours here on his way to New York from a tour of the south. With him was Elbert E. Martin, assistant manager of the Vanderbilt. "If there is a more promising city on the American continent, outside of New York, I have yet to see it."

Mr. Marshall said he visited Atlanta five years ago.

"But I hardly recognized the city this morning," he continued. "Its growth is amazing. The town seems to grow on general principles and the Atlanta spirit, Oh, yes, we've heard of the Atlanta spirit even as far away as New York. It is worth bragging about. I don't blame the tourist Atlanta. I'd brag, too. The downtown district has the broadest aspect of the great big cities of the north. There is plenty of pep and ginger here."

ATLANTA ART ASSN. TO HOLD EXHIBITION HERE

Fifty Canvases to Be Put on Display in the Governor's Executive Mansion

The Atlanta Art association, of which Mrs. Samuel Insan is president, has arranged for a fine exhibit of pictures during the next few weeks. Fifty canvases have been sent to the city by the American Federation of Arts of Washington, D. C., and as soon as they are hung the public will have the opportunity of seeing them.

Mr. John Marshall Slaton, wife of the governor, who is a member of the art association and is much interested in the work of hanging the pictures began. The mansion will probably be open to the public during the latter part of the week and the exact day of the opening will be announced later.

The pictures will remain in the city for a week or two, and Atlantians who are interested in art will have a splendid opportunity to see some really good work.

The American Federation of Arts represents the highest authority on art matters in this country. Robert W. De Forest is its president. The pictures which will be shown in the Atlanta exhibit have been carefully chosen. They will be of educational value to those unfamiliar with modern art and at the same time will prove a delight to those who have a genuine appreciation of art.

The hanging of the pictures and other arrangements for the exhibit are in the hands of the special art committee, of which Mr. F. B. Stewart is chairman.

Totem Pole Left by Shriners Now Stands In Lobby of Piedmont

Whatever else the Shriners may have left in Atlanta, one evidence of their visit will probably outlive itself on the loungers in the lobby of the Piedmont hotel for many days to come.

It will outlive because it is very long and very tall and very weird and garish—An Alaskan totem pole enameled with colors and emblems from the fur seal's teeth to the head of an Esquimo god.

The totem pole is a replica of one sixty feet high that came from Alaska and now towers in the heart of the city of Seattle. It was brought to Atlanta by Nile temple, of that city.

The day before the Nile patrol left, the totem pole mysteriously disappeared. The day after they left, it reappeared as mysteriously. Nobody knows who took it or where it went—so.

But the inference is that when Yankar nobles visit Seattle in 1915, they will bear the pole in triumph to the city on the sound.

PEACHTREE HEIGHTS PARK GIVEN ELECTRIC LIGHTS

Installation of Latest Type
Completed by Company
Owning Property

The company owning Peachtree heights park, the subdivision adjoining Peachtree road, has completed installation of electric lights of the latest type throughout, making the park in every way the equal of city parks so far as conveniences are concerned.

Owners of lots in the park, who are planning to build homes, and prospective purchasers looking over the park, are suggesting that the only thing necessary to perfect the subdivision was street lighting.

The Peachtree Heights company acting on this suggestion without stopping to count the cost, and takes pleasure in the fact that everything possible has been done to complete the improvement of the property.

Another notable feature of the park is a boulevard a hundred feet wide, with wide park space in the middle for grass and flowers.

The company next Saturday will hold an auction sale of twenty lots.

COUNCIL SETS RECORD FOR BRIEF SESSION

Little Business to Transact,

Minutes

The general council Monday afternoon held one of the shortest regular sessions on record. It lasted exactly fifty-five minutes. During thirty minutes very few council committees could get a quorum for their meetings, and hence there was little before the general council to be disposed of.

Councilman James M. Wood introduced a charter amendment, which was referred to the special committee on charter amendments, authorizing the city to apply the smoke ordinance to plants outside of the city limits, but sufficiently close to be a nuisance to people inside of the city.

Alderman Armistead introduced an ordinance prohibiting persons, firms or corporations from selling at fire or bankrupt sales any goods that are not really from fire or bankrupt stocks, and prohibiting misrepresentation as to the value of goods in bargain advertising.

The ordinance was referred to the ordinance committee. Alderman Armistead states that the merchants approve of the ordinance.

CHARLES A. COOK HAS ATTACK OF INDIGESTION

Son of Secretary of State
Causes Family Great Anx-
iety for Several Hours

While on the way to his boarding house, 211 Courtland street, from downtown late Monday afternoon Charles A. Cook, traveling representative of the Corn Products company, and son of Secretary of State Philip Cook, was seized with an attack of acute indigestion and fell to the sidewalk on Ellis street, in front of the Ellis club.

Several persons saw Mr. Cook fall and they hastened to his assistance. He was unable to give his address and they placed him in an automobile and carried him to a boarding house at 221 Courtland street and summoned physicians.

Some one who saw Mr. Cook taken into the automobile considered he had been hurt in an automobile accident and they telephoned his father's residence to that effect. Secretary and Mrs. Cook spent an anxious night calling the various hospitals. Neither the police nor the hospitals could furnish any information of an automobile accident and it was not until Tuesday morning that Secretary Cook learned the whereabouts of his son.

The young man's wife was advised of his condition and whereabouts late Monday evening and she spent the night at his bedside. It was reported Tuesday morning that he was much improved and that he would probably be sufficiently recovered during the day to be removed to his father's home on Linden street.

Large Reception

Mrs. James Thomas Wright entertained a reception Tuesday afternoon at her home on West Peachtree street, in honor of Mrs. Charles E. Strickland, Jacksonville, Fla., and Miss Bertha Courten Wright.

Quantities of fragrant cut flowers were used to adorn the pretty home. Strikingly American Beauty roses were ranged in the drawing room and in the parlor yellow and red roses showed a charming effect against a background of palms and ferns.

The tea table in the dining room was decorated with pale pink sweet peas arranged in one large and four small silver baskets, the handles caught with pink tulle.

Punch was served from an alcove by Miss Katie Calhoun and Miss Minnie Lee Hay, and assisting Mrs. Wright in receiving were Mrs. Charles Rice, Mrs. Robert H. McDonald, Mrs. Arnold Broyles, Miss Birdie Rogers and Mrs. Joseph M. Wood.

Mrs. Wright was gowned in white tulle veiled in shadow lace. Mrs. Strickland was lovely in a draped model of white charmeuse trimmed in Chantilly lace, and Miss Wright wore a charming gown of cream embroidered mull.

Women Have Their Inning Wednesday in This \$10 Wonderful Sale of New, Beautiful Dresses at

The criticisms of present-day women have a great deal of weight.

The dresses provided for this sale are beyond criticism.

They are the last word as to style, and of such UNUSUAL values as to shatter all delusions of those who believe it impossible to buy a thoroughly fashionable and desirable dress for as little as \$10.

We said a moment ago these Dresses are Unusual. The word "Unusual," when applied to this store's printed statements, has a significance somewhat at variance with the generally accepted meaning of the word. In the beginning, values are conservatively stated, our methods are so far removed from everything that borders on the sensational, that "Unusual," in this store's vocabulary, means the utmost value-giving—the selling of merchandise of integrity at lower prices than are possible regularly.

Nor is low price the only factor in making this an extraordinary sale. Coincident with the price is the fact that these Dresses are NEW, FRESH, SPIC-SPAN—every one DESIRABLE.

MRS. RICHARD AIDAN WILMUT.

A cablegram was received in the city Tuesday announcing the marriage of Miss Margaret Claire Shudson to Mr. Richard Aidan Wilmut.

The celebration of Peace Day by the Atlanta Woman's club Monday afternoon was an occasion marked by expressions of lofty ideals, human sympathy and the highest type of citizenship.

Miss Alice Baxter, state chairman of the Peace movement, presided at the meeting. Miss Baxter spoke of the power of the spiritual thought of a body of people to radiate for strength and universal betterment.

PEACE DAY PROGRAM.
Dr. J. J. Hale, secretary of the Georgia Peace society, was fervent in his invocation for peace and the brotherhood of man.

Mrs. Peyton Todd's rendition of "Peace on Earth" was a vocal tribute to the spirit of the meeting.

Prof. T. Denry, a Confederate veteran, told many interesting reminiscences of the late war with the fervor of the old soldier who has experienced the trials and sufferings of war. Prof. Denry spoke of the remarkable development of the peace societies and what the development will mean to future generations.

Bishop Nelson of the Episcopal diocese of Georgia, spoke of the silent and gentle methods of the peace movement, that has received no assistance from the political machine in America, holds the key to the peace problem," said Bishop Nelson, and he told of peace treaties drafted by the United States government during the late war with the fervor of the old soldier who has experienced the trials and sufferings of war.

The interpretation was unusual in the expression of feeling and emotion by the reader, expressing the speaker's grief over the loss of two sons in war.

America was sung by the audience led by Mrs. Peyton Todd.

An artistic effect was given the Peace day celebration by the miniature flags that were distributed by the Woman's Relief corps.

The audience met the speakers for the afternoon while tea was being served.

OUR ASTROLOGER

FOR WEDNESDAY, MAY 20, 1914.

Astrology reads this as a day exceptionally favorable for most persons, since Mercury and Uranus exert power for good with little opposition from adverse planets.

Mercury's aspect is favorable for the fortunes of trade and manufacture and commerce in large enterprises. Manual workers in the skilled trades are subject to lucky conditions according to the moon, since dexterity and industry are believed to be increased under this configuration.

The sign is especially favorable for advertising, which depends on the novelty of ideas and originality for execution. In this connection it is foretold that sweeping changes in methods of advertising are probably within the next decade.

Conditions are promising for the opening of new offices and shops. Removals and changes of all sorts are under good direction.

Women should be fortunate in business today. The stars favor the initiative and give hope of gain.

There is an especially fair omen for all women who work in fields where nursing and ministrations to suffering engross supreme effort. Hospital corps

are subject to a helpful government.

Uranus is in a place that should bring prosperity to all who travel for the purpose. It is a propitious time to investigate whatever is odd, curious and mysterious.

It is predicted that a famous traveler will start disseminations among learned men who disagree concerning trophies and specimens from unknown or little traveled regions of the earth.

As the good aspects of Uranus are conducive to friendships between persons of opposite sex, this is supposed to be a fortunate day for making new acquaintances.

Persons whose birthdate is the year, an encouraging augury for the year. They are warned against speculation or money-lending. Travel and change that bring happiness are probable.

Children born on this day have kindly stars to guide them. They are likely to have rather complex features or the partake of Taurus and Gemini characteristics. Venus and Mercury influence them, and they should combine with artistic gifts powers to make the most of their talents.

THE BIG THREE.
This is the answer I have found
For those who seek the ways of Fate:
Forever on the endless road,
Time, Tide and Ty for no man wait.

For Time holds ever on its way
And Tide rocks naught of human will;
Above all Fate they rule the fray,
But Ty is more remorseless still.

EXCLUSIVE ANNOUNCEMENT.
"Here," writes a careless combat, "is a great chance for you to put over a script. Tell us who is going to win at Sandwich?"
The best we can do is to slip you the only system we have at hand for advance information.

Write the names of the 240 entered on slips of paper, drop said slips in a hat and then pick one out. The answer will be about as close as the next one makes who is depending exclusively upon the dope.

ALL A GAMBLE.
With a long side of eighteen-hole matches we don't believe any man entered is better than a 15 to 1 shot.

Here's an example: You've heard and read a lot about Hilton, Ball, Harris, Outmet, Travers, Evans, etc., but in Thursday's competition some of the Englishmen totally unknown in this part of the world beats Travers, Evans, Outmet, Hilton, Ball and most of the rest by 6 or 7 strokes, blowing himself to a 72.

It would be a wonderful achievement for America to finish first. But the odds, with all her ten entries, are about 6 to 1 that she won't.

BUNK IN BASEBALL.
We referred a number of times last winter to the large quantity of bunk that of late years had become tangled up in baseball. Part of this had to do with the over-advertisement sought in the off season and with the over-inflation given certain portions of the game.

The latest segment of Granddunk on display is over-padding the daily attendance.

In place of fair magnates fighting for players and over lawsuits, they might put in this period by suppressing a crop of the bunk that has been developing so rapidly of late.

But even at that, the Granddunk bill is still a trifle shy of the Granddunk. In the early forecasts the esteemed Braves were to finish about third and the Tigers were to finish about sixth. The Braves can still finish third and the Tigers sixth, but we are placing no bets in that general direction.

If the Braves continue in the same direction much longer they should soon emerge about fifteen rods from the suburbs of Pekin.

Not forgetting to mention in the scramble at large that Buck Herzog has so far delivered more stuff than any manager in baseball. He had the worst club in either league to start with, and a club that had had all the pen and ambush pounded over for a long period of disaster.

He had all this, plus a board of directors to manage, and he's still there in polite society—deserving a quantity of polite mention for what he has accomplished and the same is extended freely and with pleasure.

"THIS MAKES IT 201."
I have a suggestion to make to baseball writers," pens in a fan. "Why doesn't some one refer to Harry Coveleskie as the Giant killer? So far I have only seen this reference placed on 200 occasions."

TIGER SPEED.
One of the biggest factors so far in Detroit's success is the speed which Jennings has incorporated in his cast. Outside of Stanley, there isn't a member of the squad who isn't fleet of foot and a handy bloke at fitting around the top path. But inside and outside are composed of people who can travel with great rapidity from spot to spot. And as speed is one of the greatest factors in any pennant winning ambition, you have another reason why the Tigers might win in on that world series manana, the output of which was rudely interrupted in 1909.

If any one is now thinking of offering \$500,000 for the Cubs we suggest, in the interest of humanity, that he first dispatch a physician to examine the state of Mr. Taft's heart.

"Travers went out in 35 and came in in 42." Why the device didn't stay out?

England may have a better polo team at home than she is sending after the cup, but we see no reason why America should commit her-kart on this account.

The Tigers some day might decide to start against the Yanks without Cobb and Crawford, but we doubt seriously that Chance would protest the battle on this account—especially if he won.

"In the fell clutch of circumstance I have not winced nor cried aloud," wrote Mr. Henley. Thereby showing:

1.—That in his day no Feds were around grabbing off his star ball play.

2.—That he had never paid out \$1 to see a brace of white boys enmeshed in mortal combat.

3.—That he had never bet a lot of money that the Tigers wouldn't finish in the first division.

No, Mavrus, there is little or no truth in the rumor that the winner of the British championship will play the ultimate victim of our match with B. L. T. for the championship of the world. There was some talk of it, but while they won't play with our club they won't even play with our shirts on if it gets that hot.

FULLERTON'S GOSSIP

The edict of fashion that skirts shall be fuller this year is vain. They show it, but while they won't play with our club they won't even play with our shirts on if it gets that hot.

John McGraw received pass No. 1 to the Brooklyn Fed grounds, proving that he is a very kind of a fellow.

We expect C. Dryden to jump to the Federal league as soon as he hears that Baltimore has a Flat.

We hereby notify six parties that the odds have opened both at Brooklyn and Buffalo, making the total number of hats we win six, with none lost. Also, the old Kelly is about done for.

The reason porterhouse is 35 cents is because it is a five minnow near.

Les Magee ought not be pestered. Bill Sweeney hadn't seen anything else he could hit this spring.

Those persons who desire information as to the comparative attendance at National and Federal league games may get it from the fact that there are three saloons near the Club park have closed and two saloons men are seeking to force Chicago to grant them licenses near the Fed grounds.

Crackers Drop Second Game to Mobile Gulls

Mobile Team Takes Second Game of Series From Smithmen, 6-3—Doeschner Hurls Well but Gets Bad Breaks. Eibel Hits Homer With Two On

BY ELLIOTT BENT.
MOBILE, Ala., May 19.—The Gulls took the second game from Bill Smith's champions Monday, 5 to 3. Like the opening game of the series which we lost, 2 to 1, we were unable to come through with the necessary wallop at the proper time. We had many chances to score more runs, but as usual we did not get the breaks.

We depended upon Jack Doeschner, our most reliable pitcher, to hold the Gulls down, and against him Manager Lord sent a young southsaw named Townsend. Doeschner was a little wild in the first and second innings, but the men that he walked finally crossed the plate.

Jack Eibel was the Crackers' pinch hitter and drove the ball over right field corner for three runs, sending Holland and Kirchner in ahead of him. Eibel's homer was the second one on the game, for Manager Brice Lord, who had replaced Flanagan in the lineup, had replaced Flanagan in the lineup, had replaced Flanagan in the lineup.

The Gulls started scoring in the first inning, when they walked, Jerry sent him to second. Odell scored on Kirby's double against center field fence. Lord walked to start the inning, and the Gulls got their fifth run in the same inning. Holland and Kirchner stole second. Holland singled sharply to center and Kirby and Lord scored. This ended the scoring until the fifth, when Lord got his circuit drive.

In the sixth we put over three tallies. Welches singled to right, Lord walked to start the inning, and the Gulls got their fifth run in the same inning. Holland and Kirchner stole second. Holland singled sharply to center and Kirby and Lord scored. This ended the scoring until the fifth, when Lord got his circuit drive.

This ended our scoring, but the Gulls got their fifth run in the same inning. Holland and Kirchner stole second. Holland singled sharply to center and Kirby and Lord scored. This ended the scoring until the fifth, when Lord got his circuit drive.

Browning will hurt for the Crackers today and should win by a game.

Random Ravings Of an Idle Fan

(CONTINUED.)

Just as one had come to think Meade was back, he was back. The talk of trading Big Six to the Cardinals bore up.

Ten Thousand Dollar Beauty Sent to the Minors' heads a breeze. That nothing. They kicked a million dollar team plumb out of baseball in Chicago some time back.

After lamping Willie Ritchie's demands for a ten-round go with a second rater, one is inclined to wonder just what the champion would ask for a forty-second round with Joe Gans or a Battling Nelson.

It's not surprising that Zybasko, who has his own confession is a wrestler, threw Knutson. The wonder is that a gink loaded down with that monicker was even able to stagger to the mat.

Tell me not, Wagner's clouting, how low Baker is on the bill. Of this puny, near-great hitting I have had an ample bill; for Frazar, Pennsylvania State, Princeton, in that early morning mass When he smacked a cool ten thousand With the jawbone of an ass.

Residents of Kansas City are very nervy guys. After standing for wrestling matches they got up an award because the federal government had awarded them a national reserve bank.

THE FIGHT GAME DOES NOT APPEAL TO FITZSIMMONS, JR.

NEW YORK, May 19.—Bibi Fitzsimmons once announced that he was training his son and heir to become the next heavyweight champion. It was felt that the son of so great a fighter must necessarily also be a great fighter. Consequently the sporting world was awaiting the youngster's debut with some impatience and is wondering why it does not take place.

The reason came to light recently when some one on the inside divulged the facts in the case. Young Fitzsimmons does not want to be a fighter. In fact he wouldn't care if he never saw a boxing glove again.

Now this unexpected lack of war-like spirit in his offspring has grieved the old warrior surely. He had read the accounts of Fitz's great battles, and he was filled with the spirit of conquest. Following his way through the ring formed by the awe-struck youngsters he found himself face to face with Fitz, Jr.

Only for one moment he hesitated. It took him that long to spit on his hands and motion for a clear space. Master Fitzsimmons eyed these warlike preparations with considerable astonishment not only because he had done these things himself but also because the other was his inferior in size. However, he was given little time for speculation as to the newcomer's intent. A left to the eye, instantly followed by a lunge right to the nose preceded the loud voice announcement that young Fitzsimmons was easy prey, even if his pop was a fighter.

And did young Fitzsimmons straightaway annihilate his impudent foe with well placed wallop copied from his father's noted collection? He did not. Instead he beat a masterly retreat, with one hand held to his eye and the other to his damaged nose.

And it is even so to this day, Bob, Jr., would have peace at any cost, and all his father's arguments, cautions and blows cannot make him alter his opinion. He was starting in "The Honest

Court Takes Up Johnson Case

CHICAGO, May 19.—The United States circuit court of appeals Monday took under advisement the appeal of the federal district attorney for a re-hearing in the case of Jack Johnson, negro prize fighter, convicted of violating the Mann law.

The high court recently ruled that Johnson should be retried on one of the counts of the indictment against him and that he should be resentenced. Johnson has been fined \$1,000 and sentenced to a year and a day in the penitentiary by the district court.

"It is hard to retard development, the cost of supporting them is too great," he says.

"I understand and the commission control of investors."
